No. 045 CRT Terminal Screen Cleaner. Fast-drying. Non-streaking. Cleans and dissipates the electrostatic charge on terminal screens which is the cause of dust attraction and dirt build-up. Non-abrasive and scratch-proof.

No. 066 Spray Adhesive. Quick tack. Long tack. Non-wrinkling. Water-resistant. Creates a pressure-sensitive surface for temporary or permanent bond. Excellent for mounting printing plates. Leaves no adhesive on machine.

No. 077 Silicone Lubricant. Economy "semi-wet" silicone spray and release agent for easy flow to penetrate hard-to-reach areas, eventually drying for clean results. Stops rust and produces slick surfaces.

No. 087 Fast Tack General Purpose Mist Adhesive. A high performance mist adhesive that has fast, aggressive tack, high shear strength and no chlorinated solvents. Ideal for use on light metals, paper, cardboard, labels, rubber, fabric and felt.

No. 201 Plastic Spray Clear Fixative. Protects artwork, photographs, proofs, layouts, blueprints from smudge, smear, grease and moisture. Contains UV Protectant. Ideal as an ink jet laminate spray.

No. 204 Matte Fixative. Odorless. Provides clear, permanent, waterproof protection. Dries in seconds to a matte finish which may be worked over. Use on pastels, charcoal, chalk, pencil, ink, water colors, and casein.

No. 205 Film Cleaner. Cleans film positives or negatives. Removes fingerprints, tape marks, adhesives, grease pencil, ink, lint, dirt and smudges. Leaves no residue; quick drying.

No. 206 Specialty Film Cleaner. Cleans diazo film, silver film, color transparencies, screen tints, scanner drums, contact screens.

No. 208 Toner Aid. For use on paper, vellum and dry toner generated media including negatives for offset plates and silk screens. It is 100% transparent and improves the opaqueness of black toner allowing for higher resolution. Quick drying and contains no methylene chloride.

No. 709 Electrical Grade Electronic Contact Cleaner. Fast-drying, precision cleaning solvent. Low flash point. Safe on most plastics. The spray is designed for use on circuit breakers, relays, switches, contacts, terminals, generators, sensors, printed circuit boards, plugs and jacks, and motor controls.

No. 805 Clean Jet 100. A non-flammable, ultra-filtered dust remover with pinpoint jet accuracy delivering a blast of gas up to 100 psi at 68°F (20°C). Leaves no residue; perfect for cleaning small, delicate and tight areas found in office and computer equipment.

No. 848 Plastic Cleaner. Cleans any plastic surface. Non-streaking, anti-static, anti-fog, fast-drying, reduces glare. Meets ANSI/ASTM F484-77 criteria.

No. 933 Glass Cleaner Wipes. Wipes quickly, removes dirt, dust, oil and grease smudges, water spots, fingerprints and smoke film from glass surfaces while leaving them with a sparkling shine.

No. 955 Anti-Static Spray. Apply spray as a corrective measure when static electricity creates shocks, interferes with productivity, or poses a threat to computer data processes. With regular use on cloth furniture, carpeting, drapes, and terminal chairs, the office will remain static free.
