Applications

No. 40 Glass Cleaner. Cleans in seconds. Guaranteed to leave no film, streaks or scratches. Use on copy boards, camera lenses, film negatives, vacuum frames and stripping tables.

No. 66 Spray Adhesive. Quick tack. Long tack. Non-wrinkling. Water-resistant. Creates a pressure sensitive surface for temporary or permanent bond. Excellent for mounting printing plates. Leaves no adhesive on machine.

No. 85 Fast Tack General Purpose Web Adhesive. A high performance web adhesive designed for adhering a wide range of bondable substrates such as wood, cardboard, carpeting, polyethylene sheeting, metals and foam.

No. 87 Fast Tack General Purpose Mist Adhesive. A high performance mist adhesive that has fast, aggressive tack, high shear strength and no chlorinated solvents. Ideal for use on light metals, paper, cardboard, labels, rubber, fabric and felt.

No. 88 Multi-Purpose Spray Adhesive. This translucent, fast-drying adhesive bonds quickly and allows repositioning for better, more accurate results. Can be used as a permanent or temporary adhesive.

No. 92 Hi-Temp Heavy-Duty Trim Adhesive. Features high immediate bond strength with a non-misting, lace-like spray that is plasticizer resistant. It offers excellent heat and water resistance and it has a long bonding range (5 minutes to 1 hour), making it flexible enough to accommodate repositioning during assembly.

No. 201 Plastic Spray Clear Fixative. Protects artwork, photographs, proofs, layouts, blueprints from smudge, smear, grease and moisture. Contains UV Protectant. Ideal as an ink jet laminate spray and protective coating for frames to prevent ink build-up and easy maintenance.

No. 204 Matte Fixative. Odorless-workable. Provides clear, permanent, waterproof protection. Dries in seconds to a matte finish which may be worked over. Use on pastels, charcoal, chalk, pencil, ink, watercolors and casein.

No. 208 Toner Aide. For use on paper, vellum and dry toner generated media including negatives for offset plates and silk screens. It is 100% transparent and improves the opaqueness of black toner allowing for higher resolution. Quick drying and contains no methylene chloride.

No. 211 Adhesive Activator. A ready-to-use spray for setting cyanoacrylate adhesives to form a quick and permanent bond. For screen printers, automotive applications, light assembly and quick industrial repair. Excellent where instant curing is needed.

No. 848 Plastic Cleaner. Cleans any plastic surface. Anti-static, anti-fog, fast drying and non-streaking. Reduces glare.

No. 870 Vandalism Mark & Stain Remover. Removes marks caused by crayon, pencil, inks, spray paint, tape, scuffmarks, lipstick, etc.

No. 894 Multi-Purpose Adhesive Remover. After removing vinyl or decal graphics with heat, spray on remaining adhesive residue. Allow to stand for 30 seconds and wipe clean.

No. 985 Orange Citrus Crazy Clean. An organic all-purpose cleaner. Also deodorizes. Spray on; wipe off.
