

# PRODUCT TECHNICAL DATA SHEET

## SW719 Gasket Remover

**DESCRIPTION:** No. 719 Gasket Remover is designed for automotive and industrial use. Its specially formulated properties allow for easier gasket removal while saving labor. Just spray on, let stand 3 to 5 minutes for the product to soak into the gasket, allowing the active ingredients to work and release it from its seated surface. Follow normal gasket removal procedures. A quick removal product safe on metal surfaces.

**USES:** No. 719 is excellent for automotive, marine, industrial and farm machinery.
